

REGISTRATION

IGNITE 2017

RESEARCH TRAINING WORKSHOP

1ST to 4TH August 2017

Candidates interested in attending the workshop are requested to fill up the online registration form available on our institute's website www.kbiper.ac.in or by clicking on the link given below.

<https://goo.gl/forms/C7hONPi2xUh45AUa2>

Last date for submission of registration form is **25th July 2017**. The registration will be confirmed only on receipt of the registration fee.

Registration fee: Rs. 500 (For KBIPER students) and **Rs. 700** (For others)
(Fee includes charges for registration kit, tuition, tea/coffee and lunch.)

Registration fee can be paid by demand draft or cheque (in favour of K. B. Institute of Pharmaceutical Education and Research, payable at Gandhinagar).

Out-station candidates, who need accommodation during the workshop should inform in advance.

Cancellations will not be accepted less than 5 days prior to the start of the workshop, but substitutions may be made at any time.

Intake will be on first come, first serve basis.

About KBIPER

K. B. Institute of Pharmaceutical Education and Research (KBIPER), a constituent college of Kadi Sarva Vishwavidyalaya, is the first self-financed pharmacy institution in Gujarat and has been approved by AICTE and PCI. KBIPER offers B. Pharm., Pharm. D., M. Pharm., and Ph.D. courses.

Through the scholarly pursuits of teaching, research and service, KBIPER is dedicated to preparing pharmacy professionals committed to life long learning, fostering excellence and innovations in research and developing and participating in professional practice and community outreach. The institution is also committed to provide continuing education to academicians, researchers and other health care professionals.

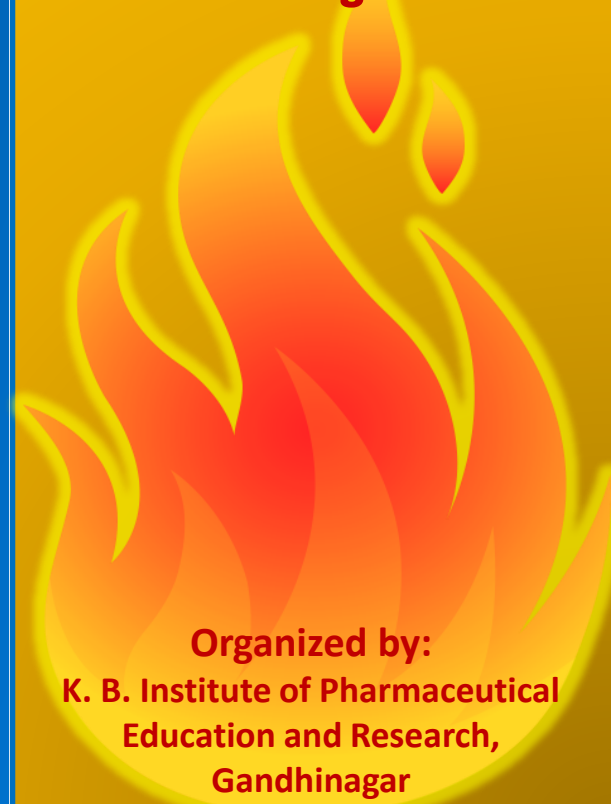

IGNITE 2017

KINDLE THE FIRE WITHIN

RESEARCH TRAINING WORKSHOP

1ST to 4TH August 2017

Organized by:

**K. B. Institute of Pharmaceutical
Education and Research,
Gandhinagar**

Introduction

The goal of the workshop is to inspire and orient the post-graduate and doctoral students towards research.

The workshop is intended to impart essential knowledge and training to enable the students to conduct their research project in the most appropriate manner.

Who should attend?

M. Pharm. students, Ph.D. scholars and academicians, who are keen to get insight into the intricacies of research and to get hands-on exposure to sophisticated laboratory instruments.

Content of the workshop

The workshop is designed to impart comprehensive knowledge about research. Following topics will be discussed during the workshop:

- Formulating a research problem
- Literature survey
- Use of software such as Endnote, for managing references
- Design of Experiments
- Use of computer software in design of experiments
- Biostatistics in research
- Good Laboratory Practices
- Clinical Research
- Importance of documentation in research
- Ethics in research

Practical sessions will include:

- Hands-on training of analytical techniques like
 - HPLC
 - HPTLC
 - spectrofluorimeter
- Calibration of glassware and instruments
- Hands-on training of software for design of experiment
- Hands-on training of software for reference management
- Training on calculations related to pharmaceutical research
